October has been an eventful month for our club, with various projects both within and outside our school. Most importantly, my board has received comprehensive training, equipping them to perform their tasks efficiently. However, our work is far from complete; we are merely scratching the surface, and our dedication to service is burning stronger than ever in the field.**

**Javair Thompson**

**Secretary**

If I should encapsulate this month within a single word, it would undoubtedly be "adventurous." At the beginning of this month, I embarked on a visit to Denbigh High, partaking in a full day of school activities, followed by their installation ceremony. Subsequently, we successfully executed numerous projects and participated in a multitude of events. I eagerly anticipate the events and projects that are yet to come and remain to be undertaken. "A mind stretched by new possibilities will never return to its old dimensions".
