Shamar Bell

President of Key Club

As we reflect upon the past month, it becomes increasingly clear that our journey has been defined by remarkable events, unwavering enthusiasm, and meaningful projects, culminating in the successful installation of our new board. However, let me underscore a crucial point: we have only just begun to tap into our vast potential. Together, we possess the power to achieve so much more. My commitment to this cause is resolute, and I stand firmly dedicated to continuing our collective hard work, ensuring that the Key Club months ahead are even more fruitful and impactful.

Tyrique Buckley

2nd Vice President of Key Club

First month of the school year was eventful. We had quite the turn out for new key club members pushing us closer and closer to our goals. It felt great to have the fellow members of our prestigious executive board along with myself fully installed for the new Key Club year. The support we got from our brother and sister key clubs absolutely warmed my heart. I cannot wait for our key club to be fully active in giving back to our beautiful community

This month has been really interesting because the new school year just started and our club has been super active. We've had new members join and we've been working on more projects. It's been a great start for us. Our members have been really involved, taking part in our weekly projects. As a club, our goal is to complete numerous projects this year and help our members become future leaders and responsible citizens. Shout out to all our members, you guys are the heart of the club, and we're excited to keep working with you in the future. Despite the challenges we face, let's come together and make Jamaica even better. Just like a diamond is formed under pressure, we can become better through sacrifice.

The act of painting itself was therapeutic, and the end result brought a burst of color and life to the surroundings. It's amazing how a simple coat of paint can make such a positive difference, turning something ordinary into a work of art that brightens up the whole area.
